Watercolor painting is a delicate and expressive medium, capable of capturing the subtle nuances of light, color, and form. In the hands of skilled artists, watercolors can transform even the most ordinary subjects into works of art.

When it comes to celebrity portraits, watercolor painting takes on a whole new level of intrigue. The artist must not only capture the likeness of the subject, but also convey their personality, their essence. It's a challenge that requires a keen eye for detail, a deep understanding of human anatomy, and a mastery of the medium.

In this quiz, we've gathered a collection of watercolor portraits of famous celebrities. Your task is to identify each celebrity based on their portrait alone. Some of the portraits are easy to recognize, while others may

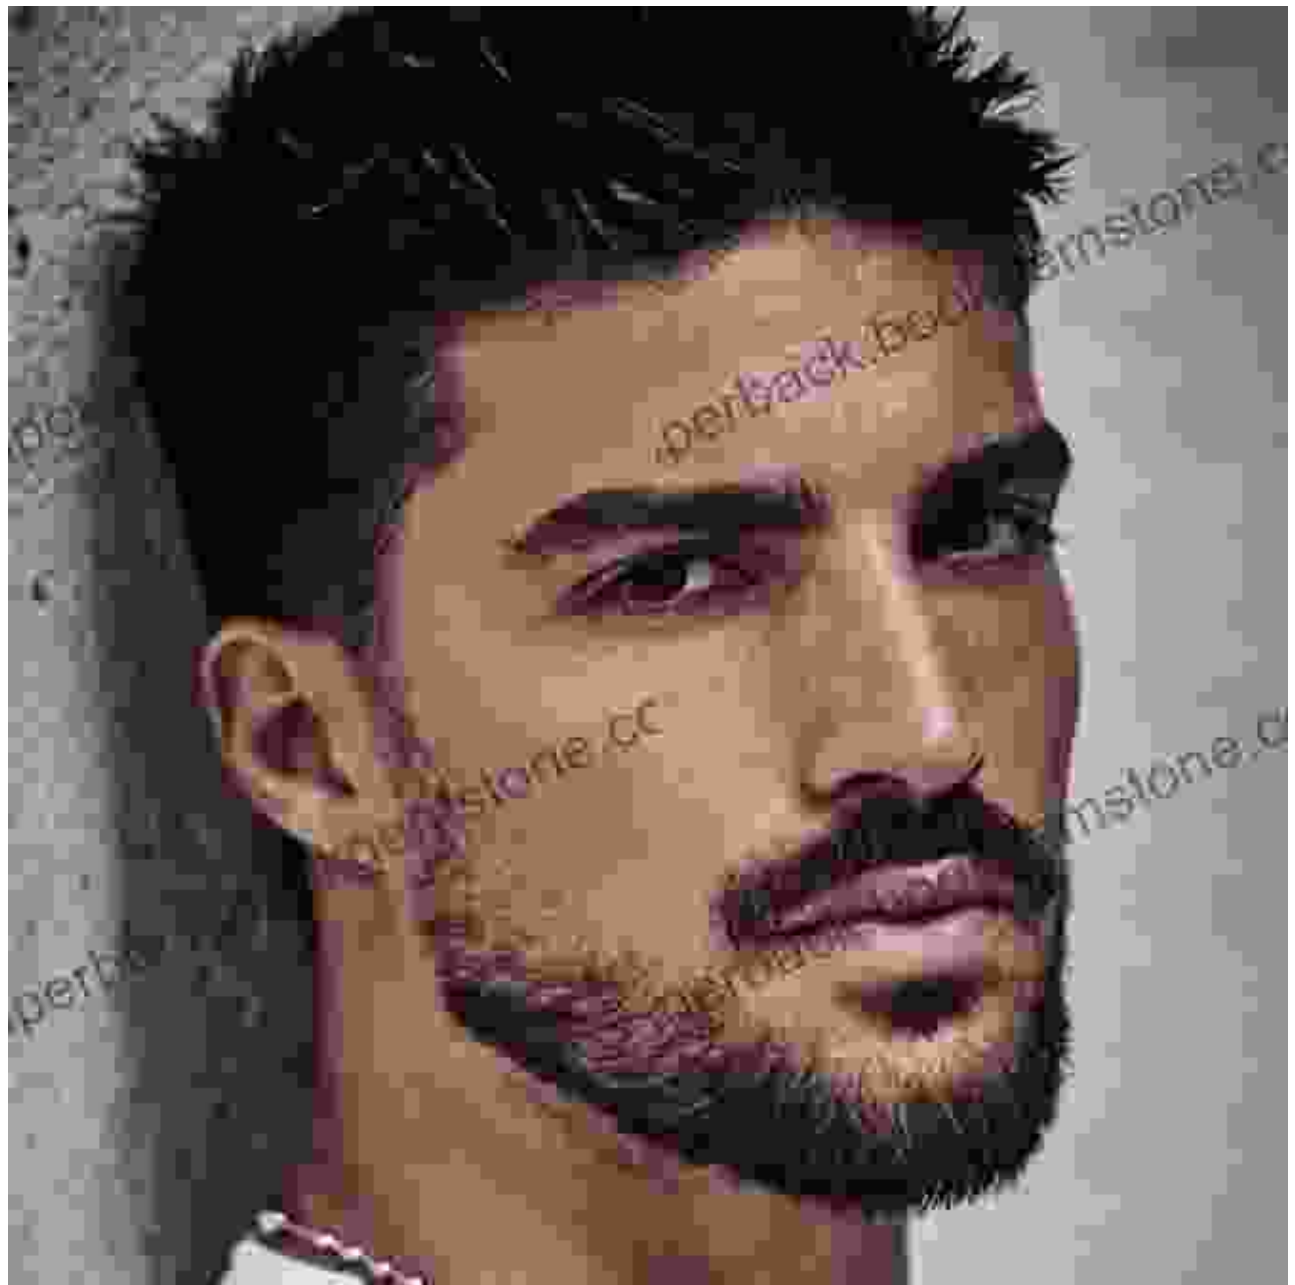

require a closer look. But no matter what your level of art connoisseurship, we guarantee you'll have fun testing your knowledge.

Who is this celebrity?

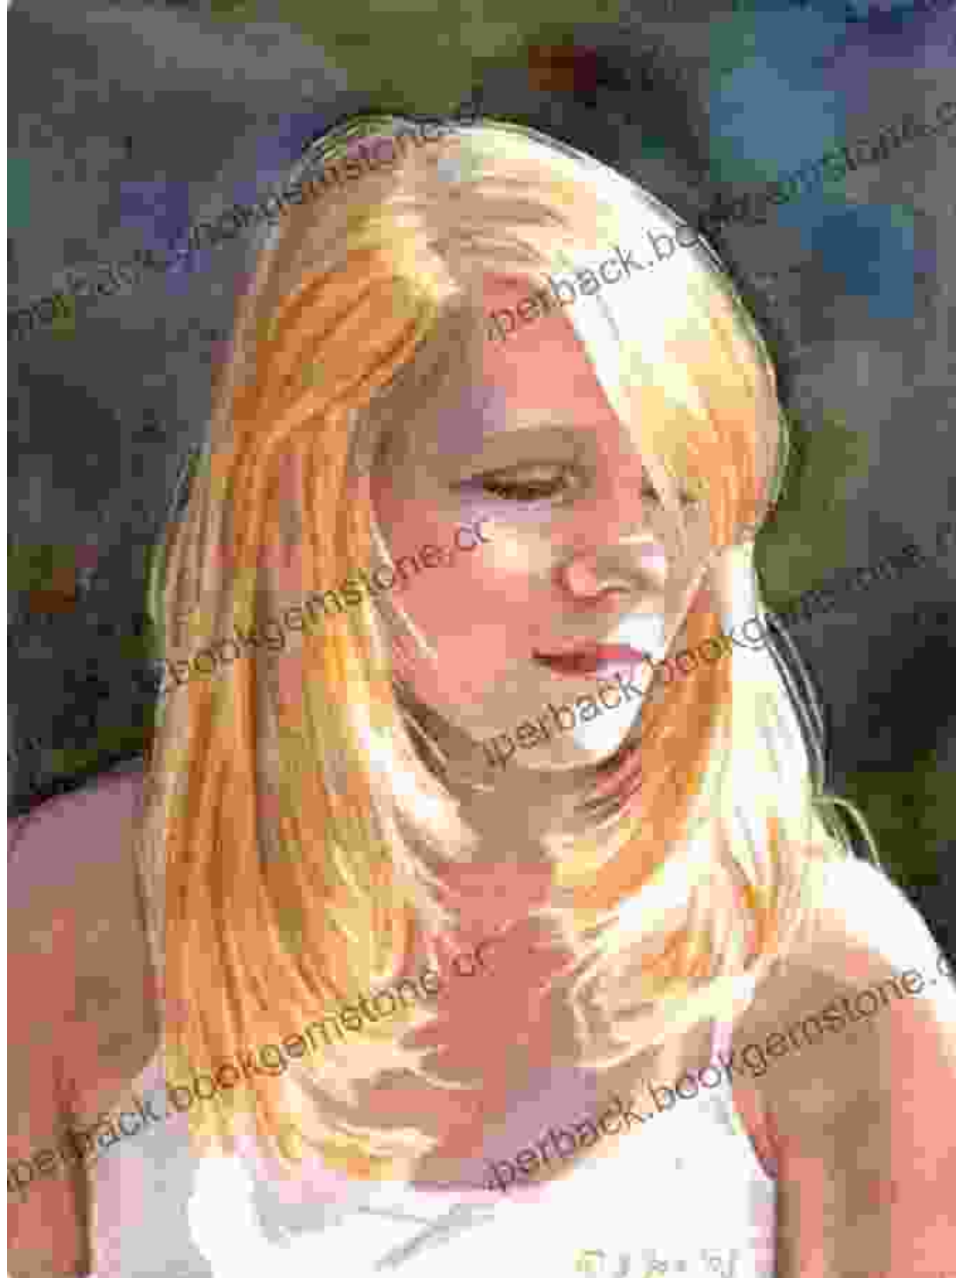

- Marilyn Monroe
